Bio:

Expansive film industry experience can be tracked from beginning as an IATSE Local 44 Propmaker to production assistant to Assistant Director on Indie features during the prolific '90's. This led to a long run on the original CSI as 1st AD, then becoming Line Producer/EP and Director before moving on to the same on multiple, highly-acclaimed TV shows. Louis has fortified every project on its journey from script to screen with this unique combination of creative focus and strong physical production skills, creating an environment where open collaboration thrives and production is elevated while staying on schedule and on budget.
